Introduction to Wishlist 1-Click Registration

Thank you for purchasing Wishlist 1-Click Registration!

Wishlist 1 Click Registration allows you to register new members or upgrade existing members to any **free** membership level by doing only one action – clicking a link!

So once a user clicks on the link, he will be automatically registered to your chosen membership level as defined inside the plugin's settings.

The plugin supports ALL autoresponders that integrate with Wishlist Member:

Options to Registering Members

There are 3 options to register members using Wishlist 1-Click Registration:

1. By adding a unique link to emails you send through your autoresponder
2. By adding a unique link to one membership site and rolling the members to another membership site
3. By embedding a simple 3-fields signup form in any post or page you like

Complete Activation Process Summary in 8 Steps

Follow the steps below to have Wishlist 1-Click Registration activated and fully function on your membership site.

Detailed information about each step will be given further down this manual:

[Step #1: Plugin Download](#)

Download Wishlist 1-Click Registration Core plugin zip file from the Purchase Receipt you received to your email.

[Step #2: Plugin Installation & Activation](#)

Install the plugin just like any other WordPress plugin from the Plugins menu > Add New.

[Step #3: License Activation](#)

Activate the plugin's license using the license key you received to your email.

[Step #4: Defining the General Settings](#)

Before generating the links you will need to go over the general settings of the plugin that can be found in the Settings tab.

[Step #5: Generating the Links](#)

In order to generate the links or the signup form you will need to go to the Generator tab and define the relevant settings.

[Step #6: Embedding the Links](#)

After defining the settings and generating the links all you need to do is copy-paste them to the right place according to their use. We have created short demo videos that explain how to add each of the options.

[Step #7: Using the Shortcodes](#)

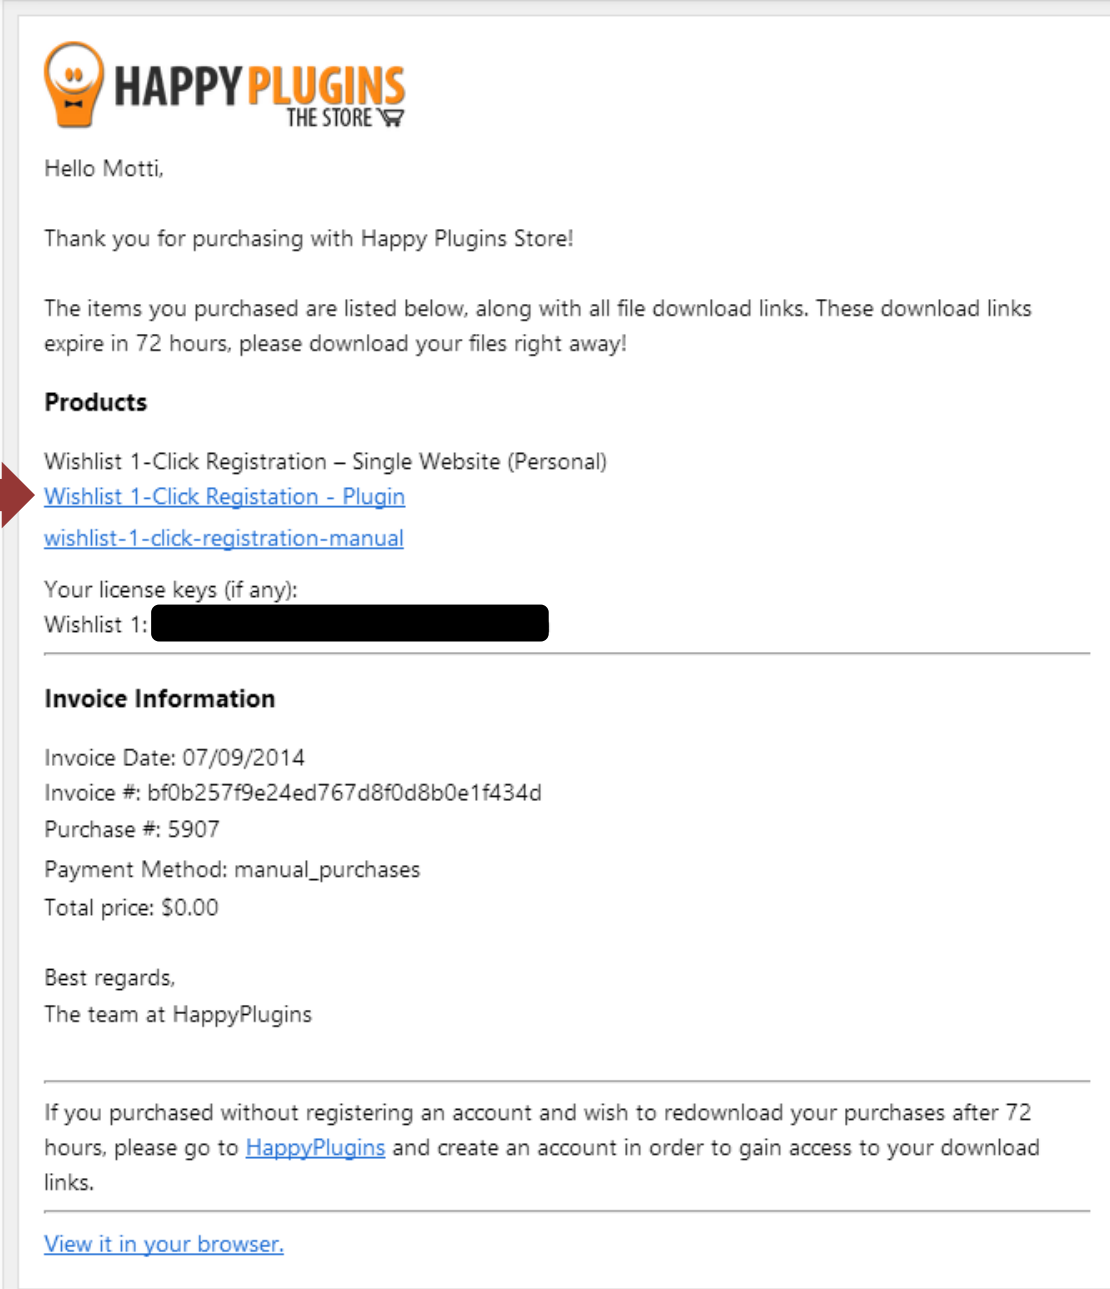

In the dashboard you will find all the shortcodes that can be copy-pasted to the After Registration page to display the member his login details.

[Step #8: Testing the Registration](#)

After you copy-pasted the links or signup form to the right location you need to test them and make sure they are working correctly.

Step #1: Plugin Download

Download Wishlist 1-Click Registration plugin zip file from the Purchase Receipt you received to your email as seen in the screenshot below:

 **HAPPY PLUGINS**
THE STORE

Hello Motti,

Thank you for purchasing with Happy Plugins Store!

The items you purchased are listed below, along with all file download links. These download links expire in 72 hours, please download your files right away!

Invoice Date: 07/09/2014
Invoice #: bf0b257f9e24ed767d8f0d8b0e1f434d
Purchase #: 5907
Payment Method: manual_purchases
Total price: \$0.00

Best regards,
The team at HappyPlugins

If you purchased without registering an account and wish to redownload your purchases after 72 hours, please go to [HappyPlugins](#) and create an account in order to gain access to your download links.

[View it in your browser.](#)

Step #2: Plugin Installation & Activation

Wishlist 1-Click Registration plugin can be installed easily, just like any other WordPress plugin.

You can install it 2 ways:

1. Upload the folder found inside the zip file to your plugins' folder in your WordPress installation
2. Go to the plugins menu, click the "Add New" and choose the zip file you have downloaded

Step #3: License Activation

After you have installed and activated Wishlist 1-Click Registration, you will find the plugin's activation setting inside the WordPress menu under: WL Extensions > Wishlist 1-Click Registration.

To activate the plugin you purchased, you need to insert the license number in the right place under "License Key" as seen in the screenshot below:

Wishlist 1Click Registration - Activate License

Fill in the license key for Wishlist 1-Click Registration.
(You can find the license key inside your account or in the email you got when you purchased Wishlist 1-Click Registration)

License Key Enter your license key

Activate License

Current License Status **Not Active**

Having License Problems?

This can be caused due to the following scenarios:

1. The license key you have entered is wrong – Copy the license key from your account in Happy Plugins Store
2. You have reached your license activation capacity – Please purchase more licenses

You can always buy more licenses for this product at: [Wishlist 1-Click Registration](#)

This plugins is developed by HappyPlugins if you don't own a license go to [Happy Plugins](#) store and buy a license key for this product.

Finding Your License Key

You have 3 options to finding your licenses keys:

1. Go to My Account > Purchases and click on the key icon:

ID	Date	Amount	Details	License
#197	December 26, 2013	\$0.00	View Details and Downloads	ClickBank Cancel Notifications for Wishlist Member 
#140	December 23, 2013	\$15.00	View Details and Downloads	Clickbank Redirection 

Click to view license key

Next 

2. When you finish the purchase process:

Purchase Confirmation

Thank you for your purchase!

If you purchased without registering an account and wish to re-download your purchases after 72 hours, please go to [HappyPlugins](#) and create an account in order to gain access to your download links.

[View it in your browser.](#)

Step #4: Defining the General Settings

Before generating the links you will need to go over the general settings of the plugin that can be found in the Settings tab.

In the Settings tab you can set the following options:

- Set a “Link Expired” error page users will be redirected to when the link you created expires
- Set a general error page users will be redirected to in case of an error
- Get admin email notification every time a new user registers through a 1-click registration link
- Set a new members username format to be First & last name or email prefix

Screenshot:

Dashboard Settings Generator License Information Support Other Products

Wishlist 1Click Registration - Settings

Link Expired Error Page
Choose the page a visitor will be redirected to if the link is expired.

General Error Page
Choose the page a visitor will be redirected to if the registration process encountered an error.

Send Email to Admin Send Admin Email for every new member.
When this field is checked an email will be sent to the website administration for every new member that is registered. The email format is the same one that is set inside Wishlist Member email settings.

New Member Username Format First name & Last name Email Prefix
Choose the desired username format you want for every member that is registered in the one click registration process. The First name & Last name option will create a username that consists from the member's first and last name separated with a period. The Email Prefix option will create a username that consists from the member's email address prefix (the part before the @ sign)

Secret Key
Used to keep your links safe. This key is auto generated and it will be encoded inside all registration links. IMPORTANT: If you change the secret key value, all older links will no longer work.

Step #5: Generating the Links

In order to generate the links or the signup form you will need to go to the Generator tab and define the below settings:

- **Select the membership level** the users will be registered to when they click on the 1-click registration link
- **Select the autoresponder** you are using to generate the correct link so users will be able to automatically register through newsletters you send them
- **Select the After Registration page** or leave it at the default
- **Replace the transaction ID** (optional) that will represent the registration source (appears in the Users menu >> Edit User)
- **Define an automatic login after registration** to be Yes / No
- **Set an expiration date** for the link (optional) to create urgency

Screenshot:

Dashboard Settings **Generator** License Information Support Other Products

Wishlist 1Click Registration - Generator

Select a membership level Choose a membership level that a new member will be registered to.

Select AutoResponder (optional) Choose your autoresponder to generate the correct link format for your specific autoresponder.

Select After Registration Page [View Page](#) Choose the page a member will be redirected to after a successful registration is completed. The after registration page can contain special shortcodes that will display the new member his membership information.

Transaction ID Type a transaction id that will represent the registration source.

Login After Registration Yes No Choose whether or not the member will be logged in after the registration process is completed.

Set Expiration Date Never Expire Expiration Date: Choose if your registration link will have an expiration date or not.

Click to generate the registration links as displayed in the screenshot in the next page

Step #6: Embedding the Links

After defining the settings and generating the links all you need to do is copy-paste them to the right place according to their use.

We have created short demo videos that explain how to add each of the options:

Option #1 - Autoresponder Mail Merge Integration Link

Go to the Generator tab inside the plugin, choose the settings and click on the Generate button.

To get the 1-click registration to work all you need to do is copy-paste the autoresponder link into any email you send to your email list.

Once a user clicks on the link he will be automatically registered and logged-in to the site, plus will be redirected to the Thank You page.

To see how it works watch the [short demo video we did in this link](#)

Option #2 - Register new members from another Wishlist Member website

Roll users from one Wishlist membership site to another using the following steps:

1. Activate Wishlist 1-Click Registration in the **NEW** membership site where you want to register members to
2. Go to the Generator tab, choose the settings and click on the Generate button
3. Copy the HTML under the headline: "Register new members from another Wishlist Member website"
4. Go to the **OLD** membership site where you want to roll members from and paste the html code inside the text editor of every post or page you want

That's it!

In order for the link to work and register members from the old site to the new one, members need to be logged in to the old site.

To see how it works watch the [short demo video we did in this link](#)

Option #3 - Simple Signup Form

Go to the Generator tab inside the plugin, choose the settings and click on the Generate button.

To make the signup form to work all you need to do is copy-paste the html code inside the text editor of every post or page inside your membership site.

To see how the signup form works watch the [short demo video we did in this link](#)

Want a 1-field registration form?

You can hide the First and Last name fields to make the form display only the email.

All you need to do is follow these steps:

Delete the
"First Name"
and "Last
Name"

Change "text" to "hidden"

Can leave blank or write
anything else you want

```
<form action="http://yourdomain.com" method="get"><br />
```

```
First Name: <input type="hidden" name="firstname" /> <input type="text" name="email" /><br />
```

```
Last Name: <input type="hidden" name="lastname" /><br /><br />
```

```
Email: <input type="text" name="email" /><br /><br />
```

```
<input type="hidden" name="action" value="wl1cr_register" />
```

```
<input type="hidden" name="ar"
```

```
value="eyJsljoiMTMyODMwNDZmNDAzNCIsInliOilxNDg5NyIsImxnljoieWVzliwidCl6lldpc2hsaXN0IDFDbGljayBSZWdpdpc3RyYXRpb24iLCJljoibm8iLCJlZCI6ZmFsc2UsImsiOiIocWhlaziY3elFydktUXlBkOWZ3M0dNeXAqWG0jTkBneFc4akQydDQ1In0=" />
```

```
<input type="submit" value="CLICK HERE: One Click Registration" /><br />
```

```
</form>
```

Step #7: Using the Shortcodes

Since Wishlist 1-Click Registration registers the members to the site automatically, they will need to get important details such as their username and password in order to be able to login to the site in the future.

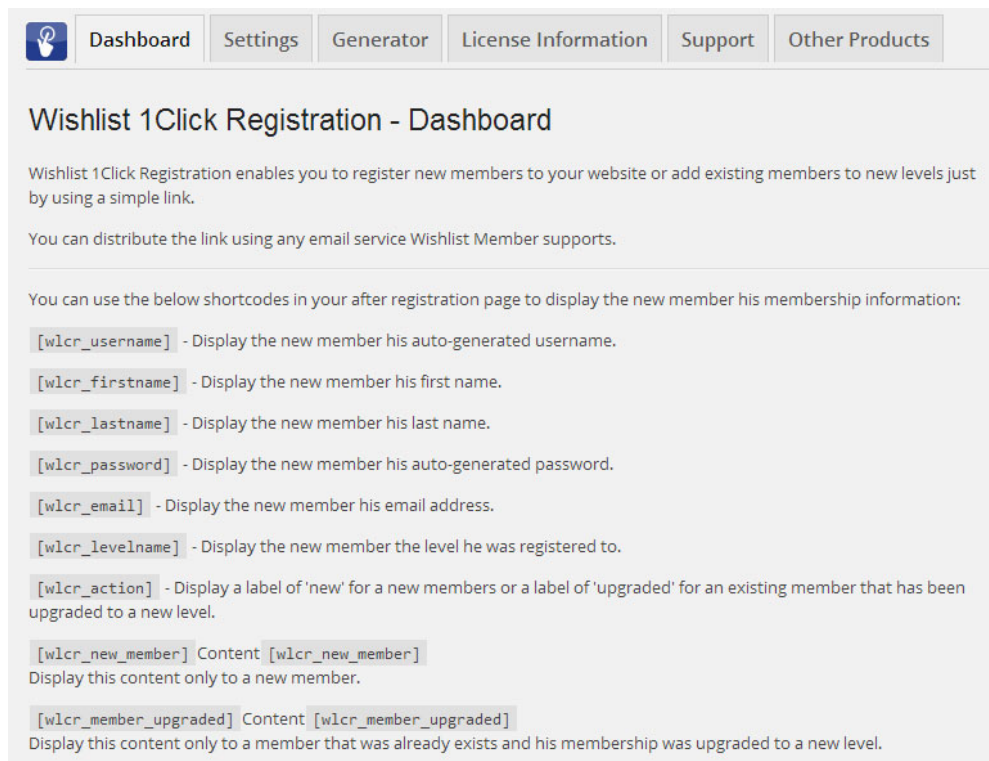

In the dashboard you will find all the shortcodes that can be copy-pasted to the After Registration page to display the member his login details, including:

- Auto-generated username
- First name
- Last name
- Password
- Email
- Level name
- Action (new member/ upgraded member)

IMPORTANT NOTE:

Since the information displayed in the shortcodes is sensitive, it will be available for 30 minutes from the first time the page was loaded. Please add a note to your members to save the information on their computer.

Screenshot:

The screenshot shows the 'Wishlist 1Click Registration - Dashboard' interface. At the top, there are navigation tabs: Dashboard, Settings, Generator, License Information, Support, and Other Products. Below the tabs, the dashboard title is 'Wishlist 1Click Registration - Dashboard'. The main content area contains the following text:

Wishlist 1Click Registration enables you to register new members to your website or add existing members to new levels just by using a simple link.

You can distribute the link using any email service Wishlist Member supports.

You can use the below shortcodes in your after registration page to display the new member his membership information:

- `[w1cr_username]` - Display the new member his auto-generated username.
- `[w1cr_firstname]` - Display the new member his first name.
- `[w1cr_lastname]` - Display the new member his last name.
- `[w1cr_password]` - Display the new member his auto-generated password.
- `[w1cr_email]` - Display the new member his email address.
- `[w1cr_levelname]` - Display the new member the level he was registered to.
- `[w1cr_action]` - Display a label of 'new' for a new members or a label of 'upgraded' for an existing member that has been upgraded to a new level.

Below the list of shortcodes, there are two examples of content display:

- `[w1cr_new_member]` Content `[w1cr_new_member]`
Display this content only to a new member.
- `[w1cr_member_upgraded]` Content `[w1cr_member_upgraded]`
Display this content only to a member that was already exists and his membership was upgraded to a new level.

Step #8: Testing the Registration

After you copy-pasted the links or signup form to the right location you need to test them and make sure they are working correctly.

Checking the Autoresponder Link:

In order to check the autoresponder link all you need to do is send a test message of the email that includes the 1-click registration link in it to your email.

When you receive the email, click on the link and see if the registration process is complete.

Important: please make sure that the email you are using doesn't already exist in your membership site's database.

Checking the Rolling Members Link

In order to check that the link for rolling members from one membership site to another is working correctly all you need to do is go to the **OLD** membership site where you pasted the 1-click registration link to.

In order for the 1-click registration link to work you need to make sure:

1. That you are logged-in to the **OLD** membership site
2. That you are not already registered to the **NEW** membership site with the same email

Now you can click on the link and see if you are being automatically registered to the **NEW** membership site.

Checking the Signup Form

In order to check that the signup form all you need to do is enter the relevant post or page and fill-in the fields.

Before filling-in the signup form please make sure that:

1. You are not logged-in to the site
2. You are registering with a new email that does not exist in the database

What to Do if the Registration Process is Not Working?

If you have encountered a problem in the registration process, please go to the [Contact Information section](#) for more instructions.

FAQS

Can Wishlist 1-Click Registration plugin be used for paid membership levels as well?

No, the plugin works for free membership levels only. For paid memberships we developed [Wishlist Auto Registration plugin](#).

Can I change the after registration redirection page?

Yes, you can set a different redirection page to each membership level separately simply and easily from the plugin's Generator tab under "Select After Registration Page".

Can Wishlist Auto Registration work with any membership plugin?

No, Wishlist 1-Click Registration is a Wishlist Member dedicated plugin.

How will members get their login details?

Wishlist 1-Click Registration allows you to add simple shortcodes to the After Registration page with the log-in details and they will be available for 30 minutes (for security reasons), so they have enough time to save them.

What details can I display members using the shortcodes?

Username, first name, last name, password (auto-generated), registration email, level name, action (new/ upgrade) and a content box with your message.

About HappyPlugins

[HappyPlugins](#) was established in 2010 to develop plugins and extensions for the WordPress platform.

The majority of the plugins are developed as white label according to our clients' specific requirements.

In late 2010 we opened a new branch under HappyPlugins for developing Wishlist Member dedicated plugins called Wishlist Member Developers.

Our team here at [Wishlist Member Developers](#) develops commercial and custom plugins for the Wishlist Member platform.

Expertise

Our expertise includes:

- In depth knowledge and understating in the web industry
- UXI design and improvement
- Experience in traffic and media buying for large companies
- Subscription-based marketing and retention
- Conversions and flow design optimization
